The company reserves the right to make changes without prior notice. The measures may have a tolerance of  $\pm 3\%$ . L'azienda si riserva il diritto di apportare modifiche ai modelli senza preavviso. Le misure possono avere una tolleranza del  $\pm 3\%$ .

Bearing structure, arms and backs are made of pinewood, plywood and wood-panelled class E1 of different thicknesses.

The springing of the back and the seat is guaranteed by polypropylene elastic belts, fixed inside the base, completed by slabs of polyurethane foam padding crushproof (with different densities) covered with polyester wadding.

Marks, grain variations, insect bites, healed scars, wrinkles and veins prove the life of the animal, enhancing the natural look of the furniture.

Any creases of the coverings are in tolerance and are part of natural aging of the furniture, therefore cannot be considered a fault.

The model is a soft seat design sofa and requires re-dressing after every use to avoid premature wear and tear.

The sofa can be customized in size and details.

La struttura portante, i braccioli e gli schienali sono realizzati in abete, multistrato e con pannelli di particelle in legno classe E1 di vari spessori.

Il molleggio dello schienale e della seduta è garantito da cinghie elastiche in polipropilene fissate all'interno dello stesso basamento, completato da imbottitura in lastre di poliuretano espanso indeformabile (con densità differenziata) ricoperta da ovatta poliestere.

Le pelli vanno considerate come materia naturale e viva; perciò le eventuali cicatrici rimarginate, le venature e le smagliature, ne rappresentano una naturale peculiarità e non sono da considerarsi difetti, bensì pregi che esaltano la bellezza della vera pelle.

Le grinze del rivestimento devono essere considerate assolutamente normali e non possono essere oggetto di reclamo.

Il divano viste le sue caratteristiche tecniche, assumerà un aspetto più morbido e vissuto nel tempo.

Il modello è personalizzabile nelle dimensioni e nei dettagli.
